## Get ready for the 2026 Produce Show!

The Eighth Annual Terrington, Wiganthorpe & Ganthorpe Produce Show will take place on **Sunday 13th September**.

This year's show features 73 Classes across 11 broader Categories. The Classes are open to all residents of Terrington, Wiganthorpe or Ganthorpe, past and present, as well as your families and friends.

**Have a go!** Take a look through this schedule and think about which classes you could exhibit something in. It's only 50p per exhibit (25p for juniors) so please consider putting some exhibits in. All the entries are judged independently and the judges won't know which people have submitted which exhibits. There are prizes too, with each Category having a "Best In Show" trophy to be awarded. But the key thing is for it to be fun, and the more exhibits that are entered, the more fun the show is for everyone!

**"The Courgette Classic".** It's the fourth running of The Courgette Classic. Whether you are a seasoned racer or a first-time rookie, we'd love to see lots of zooming zucchinis battle it out on the track. If you'd like to have a go but don't have wheels, let us know and we can supply a set for you to borrow!

**Get your sunflower & potato seeds!** If you want to enter into class FV15 for the heaviest potato yield, or if any juniors want to enter J1 and try to grow the tallest sunflower, please let us know **before the end of March** so that we can distribute seeds and growing bags during April.

**The Poster for the 2027 Show.** You will see that Class A1 in the Art Category is for your designs of the poster for next year's show. Entries are welcomed from adults and juniors, artists and non-artists alike. The winning entry gets onto the front cover of next year's schedule!

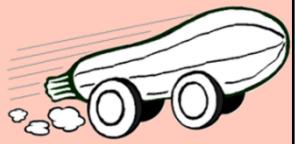

**Hints & Tips For Exhibitors.** Read the wording of each Class carefully to make sure each of your exhibits complies with it and doesn't exceed any stated limits, weights or dimensions. In the **Flowers** category and **Fruit & Vegetables** category, the judges will look for regularity and uniformity in an exhibit so try to make each item a similar size and quality. Flower petals should ideally not have holes or other damage. Vegetables should look fresh, edible, clean and trimmed. If picked the night before they are best kept cool and damp. Presentation may be helped by arranging your specimens on a paper plate.

**On The Day.** You can support the event by coming to the show on the day to see the exhibits, enjoy the refreshments and cheer on the racing courgettes! Admission to the show will be just £1 for adults, free for juniors and if you're an exhibitor then you also get in for free!

**Whatever you choose to enter, we look forward to seeing you and your exhibits in September. So get planting, get painting, get snapping, get making and let's make the 2026 show the best one yet!**

## “THE COURGETTE CLASSIC” CATEGORY

Entries in this category will be courgettes, suitably modified and adapted so as to be racing vehicles. Each courgette entered will be raced on a purpose-built track in a number of ‘heats’ so please design your vehicles with durability in mind, as well as racing performance!

- Vehicles must be constructed using a whole or freshly carved courgette.
- Courgettes can be shop-bought – they do NOT need to be home-grown by competitors
- The courgette must be the vehicle – specifically, the vehicle’s wheel axles must penetrate the courgette. Just strapping a courgette to a skateboard is not permitted!!
- Vehicles must not exceed 15cm width or 30cm length
- Any decorations must be securely fastened and must not cause the vehicle to exceed the dimensions above
- Vehicles will be inspected by the race officials to determine eligibility. Non-secure decorations may be removed by the race officials
- There will be a maximum of 4 vehicles per race
- The only means of locomotion will be gravity – the track will be sloped with all vehicles in each race released at the same time from a standing start at the top
- Races will generally not be restarted if a vehicle leaves the track but the race officials reserve the right to restart the race depending on the cause of the problem
- If the result of a race is too close to call, a ‘run-off’ race will take place between the tied vehicles.
- The decision of the race officials will be final.

### “THE COURGETTE CLASSIC”

CC1	<b>Best decorated courgette vehicle</b>  (a) Prize awarded based on creativity of design and decoration. This will be split into two classes:  (i) Ages 16 and under      (ii) Over 16s
	<b>Best performing racing courgette vehicle</b>  (b) Courgette vehicles will be raced over a number of ‘heats’. The two most successful vehicles from the entrants aged 16 & under and the two most successful vehicles from the over 16s will go into a final race to determine the overall Courgette Classic Champion!

### TOP TIPS:

- Use wheels big enough to give the ‘chassis’ of the courgette clearance above the track
- Make sure the holes for the axles allow the axles to be level (front view) and parallel (top view). The most successful courgettes run straight. Ones that don’t, wobble and crash!
- Secure the wheels to the axles – lose a wheel and you’ll likely lose the race
- Make your vehicle as close to race day as you can so that it lasts!
